

SUBJECT INDEX TO VOLUME 135

A

- Abdominal, Acute Disease, Significance to the Surgeon of the Roentgen Ray Flat Plate (Scout Film) in the Diagnosis of, 586; Distress Acute, Torsion, Infarction and Hemorrhage of the Omentum as a Cause of, 103; Emergencies Following Unrelated Surgical Procedures, 863; Trauma, Blunt, Mesenteric Thrombosis Following, 606.
- Accessory Lobes of the Liver, 127.
- Accidental Incision of Aneurysm of the Left Common Carotid Artery: Treatment by Thoracocervical Excision with Recovery, 267.
- ACTH, The Effect of Donor Skin Desensitization and, on Survival of Skin Homografts in Rabbits, 239.
- Acute Massive Venous Occlusion in the Lower Extremity, 262.
- Adenomatous Polyps of the Colon and Rectum 818.
- Alimentary Tract, Management of Foreign Bodies in the, 528.
- Anal Continence, Restoration of, Construction of a Rectal Sphincter and, by Transplanting the Gracilis Muscle: A Report of Four Cases in Children, 853.
- Anesthesia in Man, Metabolic Effects of: V. A Comparison of the Effects of Ether and Cyclopropane Anesthesia on the Abnormal Liver, 145.
- Aneurysm, Iliac, Intraperitoneal Rupture of, with Survival Following Surgical Treatment: Report of a Case, 570; of the Left Common Carotid Artery, Accidental Incision of: Treatment by Thoracocervical Excision with Recovery, 267.
- Aneurysms Congenital Cerebral, A Contribution to the Surgery of, and Vascular Anomalies of the Brain: Direct Measurement of Intravascular Pressure in Components of the Circle of Willis, 911; Intrathoracic, of the Aorta and Great Vessels, Surgical Considerations of, 660.
- ANNOUNCEMENTS: Death of Dr. Dallas B. Phemister, of the National Paraplegia Foundation Fellowships, 425; of the Roswell Park Memorial Medal Awarded to Dr. Edward D. Churchill, 430.
- Annular Pancreas, 278.
- Anus, Protrusion from the, Complete Inversion of the Appendix and: Intussusception of the Appendix, 287.
- Aorta, and Great Vessels, Intrathoracic Aneurysms of the Surgical Considerations of, 660; Coarctation of the, the Diagnosis of, with Particular Reference to the Importance of Absent or Diminished Abdominal Aortic Pulsation, 111.
- Aortic Embolectomy, 655.
- Appendix, Intussusception of the: With Complete Inversion of the Appendix and Protrusion from the Anus, 287.
- Arrhenoblastoma of the Ovary: Report of Three Cases, 543.
- Arterial Defects, Use of Tubes Constructed From Vinyon "N" Cloth in Bridging: A Preliminary Report, 332.
- Artery, Left Common Carotid, Accidental Incision of Aneurysm of the: Treatment by Thoracocervical Excision with Recovery 267.
- Atresia, Congenital, of the Esophagus with Tracheo-esophageal Fistula, Duodenal Atresia, and other Anomalies: A Case Report, 566.
- Aureomycin, Effect of, on the Intestine Subjected to Vascular Injury, 344.

B

- Bacteriologic Survey of Scrub Technics with Special Emphasis on Phisoderm with 3 Per Cent Texachlorophene, 228.
- Banthine, Effects of, on the External Pancreatic Secretion in Man, 91.
- Barium Enema, Perforation of the Sigmoid Colon During: Report of a Case with Review of the Literature, and Experimental Study of the Effect of Barium Sulfate Injected Intraperitoneally 560; Reduction of Intussusception by, 596.
- Barium Sulfate, Experimental Study of the Effect of, Injected Intraperitoneally, Report of a Case with Review of the Literature, and: Perforation of the Sigmoid Colon During Barium Enema, 560.
- Biliary Obstruction, Surgical Decompression in: A New Operative Procedure, 98.
- Biopsy, Vertebral Body Needle, The Diagnostic Value of, 245.
- Blood Cell, Red, The Conquest of Space by the: Editorial, 143.

- Blood Volume Determinations Clinical Significance of, 791.
- BOOK REVIEWS: Causalgia, 142; Fractures, Dislocations and Sprains, 123; Surgical Care, 754.
- Bowel, Large, Spontaneous Perforation of the, 221.
- Brain, Meningiomas of the, Subjective and Objective Criteria in the Diagnosis of, with Remarks as to Mortality and Useful Survival, 892; Vascular Anomalies of the, A Contribution to the Surgery of Congenital Cerebral Aneurysms and: Direct Measurement of Intravascular Pressure in Components of the Circle of Willis, 911.
- Breast Cancer, Theories on the Treatment of and Observations on Its Natural Course, 775; Benign Lesions of the, Endocrine Relationships in, 782; Male, Paget's Disease of the, 253.
- Burns, Severe, Fluid and Electrolyte Requirements in, 804.

C

- Cancer, Breast, Theories on the Treatment of and Observations on Its Natural Course, 775; of the Rectum: A Study of Long Term Survival, 841; of the Stomach, Results of Total Gastrectomy for, 497; of the Tongue, 489.
- Carcinoma, Gastric, or Peptic Ulcer, Electrolyte Abnormalities in Pyloric Obstruction Resulting from, 441; of the Breast: Results of Treatment in a Small General Hospital, 173; of the Esophagus, 697; of the Male Breast with Axillary Metastasis Following Stilbestrol Therapy: Report of a Case Treated by Radical Mastectomy, 411.
- Cardiac, Arrest: Review and Report of 12 Cases, 376; Emergency, Editorial, 431.
- Chest Wall, Chronic Abscesses and Sinuses of the: The Treatment of Costal Chondritis and Sternal Osteomyelitis, 44.
- Children, A Report of Four Cases in: Construction of a Rectal Sphincter and Restoration of Anal Continence by Transplanting the Gracilis Muscle, 853.
- Cholecystitis, Acute, Timing in the Surgical Treatment of, 734.
- Chondritis, Costal, and Sternal Osteomyelitis, the Treatment of: Chronic Abscesses and Sinuses of the Chest Wall, 44.
- Chronic Abscesses and Sinuses of the Chest Wall: The Treatment of Costal Chondritis and Sternal Osteomyelitis, 44.
- Chylous Peritonitis, 615.
- Circulatory Studies in Mitral Stenosis Before and After Commissurotomy, 290.
- Clinical, Significance of Blood Volume Determinations, 791; Tests for the Evaluation of Circulation in Tubed Pedicles and Flaps, 52.
- Coarctation of the Aorta the Diagnosis of, with Particular Reference to the Importance of Absent or Diminished Abdominal Aortic Pulsation, 111.
- Colitis, Ulcerative, Results of the Surgical Treatment of, 14.
- Colon, and Rectum, Adenomatous Polyps of the, 818; Sigmoid, Perforation of the, During Barium Enema: Report of a Case with Review of the Literature, and Experimental Study of the Effect of Barium Sulfate Injected Intraperitoneally, 560; Sigmoid, Volvulus of the, 830.
- Coma, Prolonged Post-Traumatic Degrees of Recovery Following, 899.
- Commissurotomy, Circulatory Studies in Mitral Stenosis Before and After, 290.
- Compound Wounds of the Hand, 500.
- Congenital, Atresia of the Esophagus with Tracheo-esophageal Fistula, Duodenal Atresia, and Other Anomalies: A Case Report, 566; Dislocation of the Hip, Technic of Open Reduction, 508.
- Conquest of Space—by the Red Blood Cell: Editorial, 143.
- Construction, of a Rectal Sphincter and Restoration of Anal Continence by Transplanting the Gracilis Muscle: A Report of Four Cases in Children, 853; of a Substitute Gastric Reservoir Following Total Gastrectomy, 637.
- Controlled Laboratory Production of Hemoglobinuric Nephrosis, 324.
- Culdoscopy, Further Experiences in, 690.
- Cyclopropane and Ether Anesthesia, a Comparison of the Effects of, on the Abnormal Liver: Metabolic Effects of Anesthesia in Man, 145.

D

- Danger of Implanting Tumor Cells in Human Beings for the Purpose of "Immunization," Letters to the Editor, 751.
 Degrees of Recovery Following Prolonged Post-Traumatic Coma, 899.
 Delayed Primary Gastrectomy for Perforated Peptic Ulcer, 139.
 Diagnosis of Coarctation of the Aorta with Particular Reference to the Importance of Absent or Diminished Abdominal Aortic Pulsation, 111.
 Diagnostic Value of Vertebral Body Needle Biopsy, 245.
 Dicumarol-induced Hypoprothrombinemia, the Response of, to Vitamin K, 454.
 Direct Measurement of Intravascular Pressure in Components of the Circle of Willis: A Contribution to the Surgery of Congenital Cerebral Aneurysms and Vascular Anomalies of the Brain, 911.
 Disc Lesions, Indications for Operation in, in the Lumbosacral Spine, 886.
 Discussion of the Prevention of Injuries to the Common and Hepatic Ducts, 730.
 Doctor Finney, 577.
 Ducts, Common and Hepatic, Discussion of the Prevention of Injuries to the, 730.
 Duodenal Atresia, Congenital Atresia of the Esophagus with Tracheo-esophageal Fistula, and Other Anomalies: A Case Report, 566.
 Dupuytren's Contracture, Limited Excision of, 94.

E

- Early Results Following Therapeutic Ligation of the Hepatic Artery: Preliminary Report of Cases, 756.
 Effect of Aureomycin on the Intestine Subjected to Vascular Injury, 344; of Donor Skin Desensitization and ACTH on Survival of Skin Homografts in Rabbits, 239.
 Effects of Bantline on the External Pancreatic Secretion in Man, 91; of Vagotomy, Splanchnicectomy and Celiac Ganglionectomy on Experimentally Produced Spasm of Sphincter of Oddi in Animals, 721.
 Elastic Compression in the Prophylaxis of Postoperative Thrombo-embolism: A Critical Study, 681.
 Electrolyte, Abnormalities in Pyloric Obstruction Resulting from Peptic Ulcer or Gastric Carcinoma, 441; and Fluid Requirements in Severe Burns, 804; Balance, Pre- and Postoperative Parenteral Maintenance of, with a Salt Mixture Containing Sodium, Potassium, Chloride and Phosphate, 164.
 Embolectomy Aortic, 655.
 Endocrine Relationships in Benign Lesions of the Breast, 782.
 Epidermis, Human, *in Vitro*, Influence on Normal Serum, Its Derivatives, and of "Wound Healing Agents" on, 923.
 Esophageal Hiatus Hernia of the Diaphragm: The Anatomical Characteristics, Technic of Repair, and Results of Treatment of 111 Consecutive Cases, 1.
 Esophagus, Carcinoma of the, 697; Congenital Atresia of the, with Tracheo-esophageal Fistula, Duodenal Atresia, and Other Anomalies: A Case Report, 566; Esophagus, Experimental Replacement of Portions of the, by a Plastic Tube, 337.
 Ether and Cyclopropane Anesthesia, A Comparison of the Effects of, on the Abnormal Liver: Metabolic Effects of Anesthesia in Man, 145.
 Experimental, Evaluation of the Effectiveness of Pancreatin in Reducing Fecal Nitrogen and Fat Loss Following Total Gastrectomy, 406; Pulmonic Valvulotomy Under Direct Vision by Temporarily Occluding the Pulmonary Artery, 34; Replacement of Portions of the Esophagus by a Plastic Tube, 337.

F

- Femur, Intracapsular Fracture of the Neck of Primary Osteotomy for the Treatment of, 69.
 Fluid and Electrolyte Requirements in Severe Burns, 804.
 Foreign Bodies in the Heart: Indications for and Technic of Removal with Temporary Interruption of Cardiac Blood Flow, 314.
 Form and Color in Medicine: Editorial, 938.
 Further Experiences in Culdoscopy, 690.

G

- Gallbladder Surgery, A Hazard in: Varicosity of the Cystic Vein, 284.
 Gallstones, Incidence of, and Their Correlation with Other Diseases, 394.
 Ganglionectomy, Celiac, Vagotomy, and Splanchnicectomy Effects of on Experimentally Produced Spasm of Sphincter of Oddi in Animals, 721.

- Gastrectomy, Delayed Primary, for Perforated Peptic Ulcer, 139; Immediate Sub-total, for Acute Perforated Peptic Ulcer, 134; Total, An Experimental Evaluation of the Effectiveness of Pancreatin in Reducing Fecal Nitrogen and Fat Loss Following, 406; Total, Construction of a Substitute Gastric Reservoir Following, 637; Total, Results of for Cancer of the Stomach, 497.
 Gastric, Reservoir, Substitute, Construction of a, Following Total Gastrectomy, 637; Secretion, Relation of, to Events Following Pyloric Obstruction, 433; Secretions, Clinical Observations and Tests of: Results of Vagotomy During Seven Years, 621.
 Gastritis, Massive Hypertrophic, 646.
 Glucose, 25 Per Cent, and 5 Per Cent Alcohol the Use of a Solution of, in Parenteral Nutrition: A Preliminary Report, 234.
 Goiter, Intrathoracic, 79.
 Gracilis Muscle, Transplanting, Construction of a Rectal Sphincter and Restoration of Anal Continence by: A Report of Four Cases in Children, 853.
 Graft, Viable Pedicle, Use of for Repairing an Extensive Tracheobronchial Defect, 709.

H

- Hand, Compound Wounds of the, 500.
 Heart Disease Congenital, Some Observations on the Surgical Treatment of, 297.
 Heart, Foreign Bodies in the: Indications for and Technic of Removal with Temporary Interruption of Cardiac Blood Flow, 314.
 Hemangioma, Large, of the Liver: Successful Excision, 124.
 Hemangiomatosis, Massive, of the Liver, 765.
 Hemoglobinuric Nephrosis, The Controlled Laboratory Production of, 324.
 Hepatic Artery, Early Results Following Therapeutic Ligation of the: Preliminary Report of Cases, 756.
 Hernia, Congenital Inguinal, Treatment of, 879.
 Hernia, Esophageal Hiatus, of the Diaphragm, 1.
 Hernia in the Semilunaris, 875.
 Hexachlorophene, 3 Per Cent, Phisoderm with, Bacteriologic Survey of Scrub Technics with Special Emphasis on, 228.
 Hip, Congenital Dislocation of the, Technic of Open Reduction, 508.
 Homografts, Skin, in Rabbits, The Effect of Donor Skin Desensitization and ACTH on Survival of, 239; Skin, in the Chicken, Successful, Studies of: Description of a Method of Grafting and Its Application as a Technic of Investigation, 60.
 Hypersplenism: A Review and Case Report, 536.
 Hypoprothrombinemia, Dicumarol-induced, the Response of, to Vitamin K, 454.

I

- Ileal Duplications, 555.
 Iliac Aneurysm, Intraperitoneal Rupture of, with Survival Following Surgical Treatment: Report of a Case, 570.
 Ilio-inguinal Lymphatic Excision, Radical, 520.
 Immediate Sub-total Gastrectomy for Acute Perforated Peptic Ulcer, 134.
 Incidence of Gallstones and Their Correlation with Other Diseases, 394.
 Indications for Operation in Disc Lesions in the Lumbosacral Spine, 886.
 Infants and Children, the Management of Intussusception in: Report of 43 Cases, 184.
 Influence on Normal Serum, Its Derivatives, and of "Wound Healing Agents" on Human Epidermis *in Vitro*, 923.
 Internal Jugular Phlebotomy, 130.
 Intestinal Obstruction: Ten-Year Statistical Survey at the Hospital of the University of Pennsylvania, 367.
 Intraperitoneal Rupture of Iliac Aneurysm with Survival Following Surgical Treatment: Report of a Case, 570.
 Intrathoracic Goiter, 79.
 Intravascular, Agglutination and Vascular Stasis in Peptic Ulceration, 470; Pressure, Direct Measurement of, in Components of the Circle of Willis: A Contribution to the Surgery of Congenital Cerebral Aneurysms and Vascular Anomalies of the Brain, 911.
 Intussusception, in Infants and Children, the Management of: Report of 43 Cases, 184; of the Appendix: With Complete Inversion of the Appendix and Protrusion from the Anus, 287; Reduction of, by Barium Enema, 596.

J

- Jugular Phlebotomy, Internal, 130.

K

- Kaposi's Sarcoma: Case Report with Unique Visceral Manifestations, 118.

L

- Large Hemangioma of the Liver: Successful Excision, 124.
Leiomyoma, Benign, Leiomyosarcoma of the Rectum, Developing from, 426.
Leiomyosarcoma of the Rectum, Developing From Benign Leiomyoma, 426.
LETTERS TO THE EDITOR: Danger of Implanting Tumor Cells in Human Beings for the Purpose of "Immunization," 751.
Limited Excision of Dupuytren's Contracture, 94.
Liver, Abnormal, A Comparison of Ether and Cyclopropane Anesthesia on the: Metabolic Effects of Anesthesia in Man, 145; Accessory Lobes of the, 127; Large Hemangioma of the: Successful Excision, 124; Massive Hemangiomas of the, 765.
Local Use of Streptokinase-Streptodornase in Chronic Refractory Areas of Suppuration with Draining Sinuses, 479.
Loss of Scapulohumeral Motion (Frozen Shoulder), 193.
Lymphangiosarcoma in Post-mastectomy Lymphedema, 421.
Lymphedema, Post-mastectomy, Lymphangiosarcoma in, 421.
Lymphosarcoma, Primary, of the Stomach, 39; of Foreign Bodies in the Alimentary Tract, 528; of Intussusception in Infants and Children: Report of 43 Cases, 184.

M

- Massive Hemangiomas of the Liver, 765; Hypertrophic Gastritis, 646.
Mastectomy, Radical Report of a Case Treated by: Carcinoma of the Male Breast with Axillary Metastasis Following Stilbestrol Therapy, 411.
Maxillofacial Injuries, 205.
Meningiomas of the Brain, Subjective and Objective Criteria in the Diagnosis of, with Remarks as to Mortality and Useful Survival, 892.
Mesenteric Thrombosis Following Blunt Abdominal Trauma, 606.
Metabolic Effects of Anesthesia in Man: V. A Comparison of the Effects of Ether and Cyclopropane Anesthesia on the Abnormal Liver, 145.
Mitral Stenosis, Circulatory Studies in, Before and After Commissurotomy, 290.

N

- Nephrosis, Hemoglobinuric, The Controlled Laboratory Production of, 324.

O

- Occlusion Venous, Acute Massive, in the Lower Extremity, 262.
Omentum, Torsion, Infarction and Hemorrhage of the, as a Cause of Acute Abdominal Distress, 103.
Osteomyelitis, Sternal and Costal Chondritis, the Treatment of: Chronic Abscesses and Sinuses of the Chest Wall, 44.
Osteotomy, Primary, for the Treatment of Intracapsular Fracture of the Neck of the Femur, 69.
Ovary, Arrhenoblastoma of the: Report of Three Cases, 543.

P

- Paget's Disease of the Male Breast, 253.
Pancreas Annular, 278; Proliferative Cysts of the, 549.
Pancreatic Disease, Acute, Unusual Features of, 715; Secretion in Man, Effects of Banthine on the, 91.
Pancreatin, Experimental Evaluation of the Effectiveness of, in Reducing Fecal Nitrogen and Fat Loss Following Total Gastrectomy, 406.
Paraplegia Foundation Fellowships, Announcement of the, 425.
Parenteral Nutrition, The Use of a Solution of 25 Per Cent Glucose and 5 Per Cent Alcohol in: A Preliminary Report, 234.
Pedicles, Tubed, and Flaps: Clinical Tests for the Evaluation of Circulation in, 52.
Peptic Ulceration, Intravascular Agglutination and Vascular Stasis in, 470.
Perforation of the Sigmoid Colon During Barium Enema: Report of a Case with Review of the Literature, and Experimental Study of the Effect of Barium Sulfate Injected Intraperitoneally, 560; Spontaneous, of the Large Bowel, 221.
Peritonitis, Chylous, 615.
Phemister, Dallas B., Announcement of the Death of, 289.
Phisoderm with 3 Per Cent Hexachlorophene, Bacteriologic Survey of Scrub Techniques with Special Emphasis on, 228.
Phlebectasia, Internal Jugular, 130.

- Polyps, Adenomatous, of the Colon and Rectum, 818.
Portacaval, Anastomosis, Side-to-side, Special Reference to: Portacaval Venous Shunt, 22; Venous Shunt: With Special Reference to Side-to-side Portacaval Anastomosis, 22.
Pre- and Postoperative Parenteral Maintenance of Electrolyte Balance with a Salt Mixture Containing Sodium, Potassium, Chloride and Phosphate, 164.
PRESIDENTIAL ADDRESS: Doctor Finney, 577.
Primary Lymphosarcoma of the Stomach, 39; Osteotomy for the Treatment of Intracapsular Fracture of the Neck of the Femur, 69.
Proliferative Cysts of the Pancreas, 549.
Pulmonic Valvulotomy, Experimental, under Direct Vision by Temporarily Occluding the Pulmonary Artery, 34.
Pyloric Obstruction, Electrolyte Abnormalities in, Resulting from Peptic Ulcer or Gastric Carcinoma, 441; Relation of Gastric Secretion to Events Following, 433.

R

- Radical Ilio-inguinal Lymphatic Excision, 520.
Rectal Sphincter, Construction of a, and Restoration of Anal Continence by the Transplanting the Gracilis Muscle: A Report of Four Cases in Children, 853.
Rectum, and Colon, Adenomatous Polyps of the, 818; Cancer of the: A Study of Long Term Survival, 841; Leiomyosarcoma of the, Developing From Benign Leiomyoma, 426.
Reduction of Intussusception by Barium Enema, 596.
Relation of Gastric Secretion to Events Following Pyloric Obstruction, 433.
Response of Dicumarol-induced Hypoprothrombinemia to Vitamin K₁, 454.
Results of the Surgical Treatment of Ulcerative Colitis, 14; of Total Gastrectomy for Cancer of the Stomach, 497; of Vagotomy During Seven Years; Clinical Observations and Tests of Gastric Secretions, 621.
Roentgen Ray Flat Plate (Scout Film) in the Diagnosis of Acute Abdominal Disease, Significance to the Surgeon of the, 586.
Roswell Park Memorial Medal, Announcement of Award to Dr. E. D. Churchill, 430.

S

- Salt Mixture, Pre- and Postoperative Parenteral Maintenance of Electrolyte Balance with a, Containing Sodium, Potassium, Chloride and Phosphate, 164.
Sarcoma, Kaposi's: Case Report with Unique Visceral Manifestations, 118; Synovial, Synovium-like Tumor of the Abdominal Wall: Report of a Case, 114.
Scapulohumeral Motion, Loss of (Frozen Shoulder), 193.
Scrub Techniques Bacteriologic Survey of, with Special Emphasis on Phisoderm with 3 Per Cent Hexachlorophene, 228.
Semilunar, Hernia in the, 875.
Serum, Normal, Influence of Its Derivatives, and of "Wound Healing Agents" on Human Epidermis *in Vitro*, 923.
(Shoulder, Frozen) Loss of Scapulohumeral Motion, 193.
Sigmoid Colon, Volvulus of the, 830.
Significance to the Surgeon of the Roentgen Ray Flat Plate (Scout Film) in the Diagnosis of Acute Abdominal Disease, 586.
Sinuses, Draining, Local Use of Streptokinase-Streptodornase in Chronic Refractory Areas of Suppuration with, 479.
Skin Desensitization, Donor, the Effect of, and ACTII on Survival of Skin Homografts in Rabbits, 230.
Sodium Potassium, Chloride and Phosphate, Pre- and Postoperative Parenteral Maintenance of Electrolyte Balance with a Salt Mixture Containing, 164.
Some Observations on the Surgical Treatment of Congenital Heart Disease, 297.
Sphincter of Oddi, Experimentally Produced Spasm of, in Animals, Effects of Vagotomy, Splanchnicectomy and Celiac Ganglionectomy on, 721.
Spine, Lumbosacral, Indications for Operation in Disc Lesions in the, 886.
Splanchnicectomy, vagotomy and Celiac Ganglionectomy, Effects of on Experimentally Produced Spasm of Sphincter of Oddi in Animals, 721.
Spontaneous Perforation of the Large Bowel, 221.
Stilbestrol Therapy, Carcinoma of the Male Breast with Axillary Metastasis Following: Report of a Case Treated by Radical Mastectomy, 411.
Stomach, Cancer of the, Results of Total Gastrectomy for, 497.
Stomach, Primary Lymphosarcoma of the, 39; Volvulus of: Report of Case and Review of Literature, 415.
Streptokinase-Streptodornase, Local Use of, in Chronic Refractory Areas of Suppuration with Draining Sinuses, 479.

- Studies of Successful Skin Homografts in the Chicken: Description of a Method of Grafting and Its Application as a Technic of Investigation, 60.
Subjective and Objective Criteria in the Diagnosis of Meningiomas of the Brain, with Remarks as to Mortality and Useful Survival 892.
Surgical, Considerations of Intrathoracic Aneurysms of the Aorta and Great Vessels, 660; Decompression in Biliary Obstruction: A New Operative Procedure, 98; Procedures, Unrelated, Abdominal Emergencies Following, 863.
Synovium-like Tumor (Synovial Sarcoma) of the Abdominal Wall: Report of a Case, 114.

T

- Theories on the Treatment of Breast Cancer and Observations on Its Natural Course, 775.
Therapeutic Ligation of the Hepatic Artery, Early Results Following: Preliminary Report of Cases, 756.
Thoracocervical Excision with Recovery, Treatment by: Accidental Incision of Aneurysm of the Left Common Carotid Artery, 267.
Thrombo-embolism, Postoperative Elastic Compression in the Prophylaxis of: A Critical Study, 681.
Timing in the Surgical Treatment of Acute Cholecystitis, 734.
Tongue, Cancer of the, 489.
Torsion, Infarction and Hemorrhage of the Omentum as a Cause of Acute Abdominal Distress, 103.
Tracheobronchial Defect, Extensive, Use of a Viable Pedicle Graft for Repairing, 709.
Tracheo-esophageal Fistula, Congenital Atresia of the Esophagus with, Duodenal Atresia, and Other Anomalies: A Case Report, 566.
Treatment of Congenital Inguinal Hernia, 879.
Tumor Cells, Danger of Implanting in Human Beings for the Purpose of "Immunization," Letters to the Editor, 751.

U

- Ulcer, Acute Perforated Peptic, Immediate Sub-total Gastrectomy for, 134; Peptic, or Gastric Carcinoma, Elec-

- trolyte Abnormalities in Pyloric Obstruction Resulting from, 441; Perforated Peptic, Delayed Primary Gastrectomy for, 139.
Unusual Features of Acute Pancreatic Disease, 715.
Use of a Solution of 25 Per Cent Glucose and 5 Per Cent Alcohol in Parenteral Nutrition: A Preliminary Report, 234; of a Viable Pedicle Graft for Repairing an Extensive Tracheobronchial Defect, 709; of Tubes Constructed From Vinyon "N" Cloth in Bridging Arterial Defects: A Preliminary Report, 332.

V

- Vagotomy, Results of, During Seven Years: Clinical Observations and Tests of Gastric Secretions, 621; Splanch-nicectomy and Celiac Ganglionectomy, Effects of, on Experimentally Produced Spasm of Sphincter of Oddi in Animals, 721.
Valvulotomy, Experimental Pulmonic, under Direct Vision by Temporarily Occluding the Pulmonary Artery, 34.
Varicosity of the Cystic Vein: A Hazard in Gallbladder Surgery, 284.
Vein, Cystic, Varicosity of the: A Hazard in Gallbladder Surgery, 284.
Venous Occlusion, Acute Massive in the Lower Extremity, 262; Shunt, Portacaval: With Special Reference to Side-to-side Portacaval Anastomosis, 22.
Vertebral Body Needle Biopsy, The Diagnostic Value of, 245.
Vinyon "N" Cloth, Use of Tubes Constructed From, in Bridging Arterial Defects: A Preliminary Report, 332.
Vitamin K 1, Response of Dicumarol-induced Hypoprothrombinemia to, 454.
Volvulus of Stomach: Report of Case and Review of Literature, 415; of the Sigmoid Colon, 830.

W

- Willis, the Circle of, Direct Measurement of Intravascular Pressure in Components of: A Contribution to the Surgery of Congenital Cerebral Aneurysms and Vascular Anomalies of the Brain, 911.
"Wound Healing Agents" on Human Epidermis *in Vitro*, Influence on Normal Serum, Its Derivatives, and of, 923.
